

Linked in PROFILE STRENGTH

# **BE AN ALL-STAR!**

All-Star

## SUMMARY/ABOUT

As a graduate student, your summary or About section is where you can share your experience, personal characteristics, business philosophy, and interests. For example, "MBA candidate building skills in business analytics and project management; excellent communication skills and attention-to-detail. I thrive in environments where I can share my expertise with others and collaborate to solve problems." You may also share hobbies, interests, skills, and dreams outside your professional scope. This summary is like a cover letter that features more of your personal side, but should still be professional, appropriate, and informative.

#### Experiences

You can use your resume as a guide! *Copy* your bullets and even add more as there is essentially no length limit. Keep in mind to communicate what is most relevant.

Adding a background photo further individualizes your profile and gives more insight into you. Adding a background photo will help you reach All-Star status.

#### Recommendations

Professionally ask your supervisors, managers, and others to give you recommendations on LinkedIn to reinforce your skills and abilities on your profile.

Professional photo You can get this done at the SPDC by appointment!

Write a headline 120 character hook to your profile. It can be your job title or more!

Connect with others Request to connect with your colleagues, professors, and more!

## Message to Connect:

If you're connecting with someone that you haven't met but want to connect with, it is important to type a brief message (<300 characters) to introduce yourself and highlight:

- 1) How you found the person
- 2) What caught your eye about them
- 3) What you're looking for from them

Keep in mind that the intention is not to secure employment but rather it is to build your professional network and learn from others.

"I'd appreciate connecting with you..." "I see that you're currently working with X Company and I'd love to know more about your experience..."

## - Add Features to Profile:

Other features you can add under "Add profile section" include:

## – Maximize Your Network: •

Use LinkedIn to research companies/industries and topics that interest you. Follow them!

Apply to positions prior to reaching out to connections.

Find Elon alumni, they are often willing to connect.

Networking is a two-way street. It's more than just about what a person can do for you. It's also about what you can do for them!
