## ALL THROUGH THE DAYLIGHT

The Elon University Student Union Board showcased the duo Matt and Kim at its fall 2016 concert. The concert was held in the Colonnades parking lot on Nov. 5.

The Tripps, a local Elon student band, opened for the duo with its pop-rock music. The band consists of four Elon students: Matt Snow, Brett Cashmer, James Setzer and Mike Hagen. The band captivated the audience with their unique take on old-school classics.

The headlining act, Matt and Kim, are an indie electronic duo from Brooklyn, New York. The duo consists of Matt Johnson (vocals/keyboard) and Kim Schifino (drums).

The audience was entertained by the duo's vocals, high-energy dancing, and interactive props. The crowd left the event spirited and ready to download some new Matt and Kim songs.

The two performed up-beat crowd favorites from their recent albums "New Glow" and "Lightning," released in 2015 and 2012, respectively.

The event also involved local food trucks and activities before the concert for students to enjoy while they waited for the main event.
