

Sport Management Career Guide

What is sport management?

- The Sport Management major prepares students for the business of sport, including professional sport, college athletics, recreation, and sport-related agencies... SPT majors and minors develop the necessary knowledge and skills to thrive in careers related to professional and amateur sport, intercollegiate athletics, event management and programming, facilities and arena management, sport tourism, sport agencies and beyond. – Elon COM
- Sport management involves any combination of skills related to planning, organizing, directing, controlling, budgeting, leading, and evaluating within the context of an organization or department whose primary product or service is related to sport or physical activity – [SHAPE America](#)

Classes and Curriculum Information

View Classes and Curriculum info [here](#).

In your classes, you will learn about contemporary issues in the sport management industry and the role of sport in society. Additional courses cover philosophies and the evolution of the sport management industry; the fundamentals of facility planning and maintenance; research methods and analytics; principles of special event programming; and marketing. SPT majors also take classes that examine concepts such as finance, accounting, communication, legal issues and leadership in sport.
