

*Be in the know of what employers are posting in real time! The Elon Job Network has an advanced feature to alert you of new jobs and internship postings that meet your preferred criteria. Within a few clicks on your EJN account, you'll automatically receive notifications to your Elon email daily or weekly.*

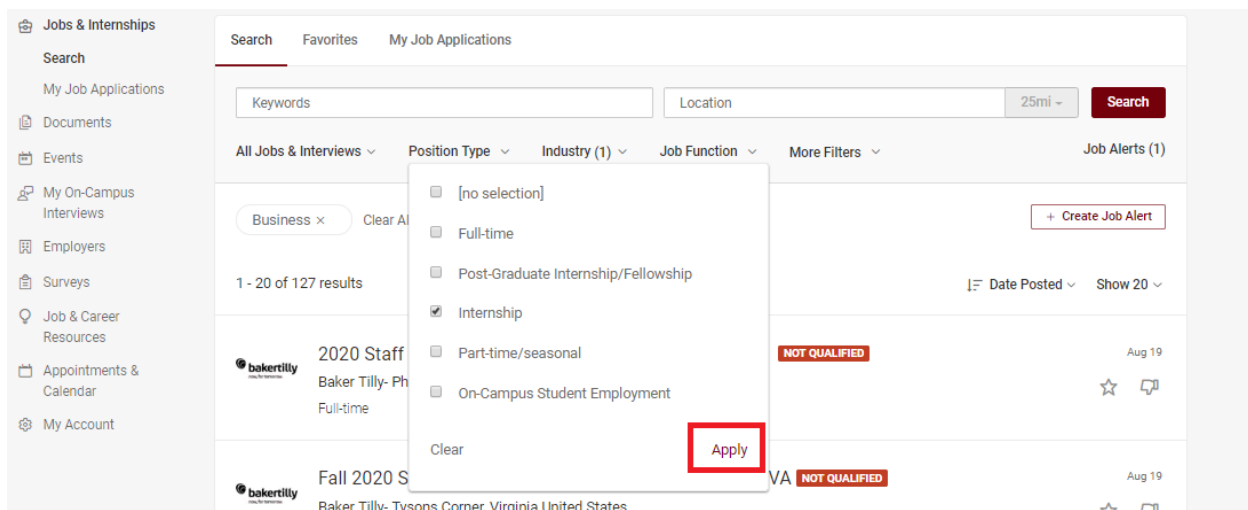

1) Log into your Elon Job Network account and click “Jobs & Internships”:

2) Then, click “Search” (1) under the Job & Internship category on the left, Then, click “Search” (2) and then your filters (3) will pop up right below:

3) Move through the filters and hit “apply” as you filter through. Click the options that are most suitable for your current search but keep in mind that it is important not to restrict your search too much:

- 4) Once you've selected the appropriate filters, hit "Create Job Alert". Then, click the "Job Alert" button and change the default setting from Weekly → Daily. This will ensure that you are receiving the most updated information to your Elon email every day.

The screenshot displays the 'Job Postings' interface. At the top, a green notification bar states 'You'll now get job alerts for this search.' Below this, the 'Search' tab is active, showing search fields for 'Keywords' and 'Location' (set to 25mi), and a 'Search' button. Filter options include 'All Jobs & Interviews', 'Position Type', 'Industry (1)', 'Job Function', and 'More Filters'. A 'Job Alerts (3)' button is highlighted with a red box. Below the filters, a 'Business' filter is selected, and a 'Created Job Alert' button is also highlighted with a red box. The results section shows '1 - 20 of 127 results' and sorting options for 'Date Posted' and 'Show 20'.
