

Located in the heart of North Carolina, Elon University is a nationally recognized leader in engaged, experiential learning that prepares graduates to be creative, resilient, ambitious, and ethical citizens of our global culture.

Founded in 1889, with a tragic fire in 1923, Elon has truly risen from the ashes. With more than 7,000 students and 70 majors, Elon fosters a community of hands-on experiences founded in the traditional liberal arts curriculum with an emphasis on global experiences and career development.

The university follows a 4-1-4 schedule where students take four classes in the fall, one class in January, and four classes in the spring. This allows students increased flexibility to study abroad, take extra classes, or extend an internship.

Elon at a glance...

- 6,300+ undergraduate students
- 700+ graduate students
- 70+ majors
- 49 states and 51 countries represented
- 690-acre main campus, designated as a botanical garden
- 480 full-time faculty
- 11:1 student-to-faculty ratio
- 20 student average class size
- 59% female, 41% male student population
- 90% first-year retention rate
- 17 NCAA Division I Sports (FCS football)

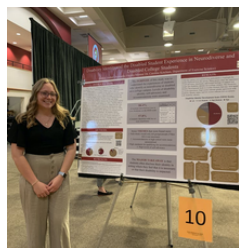

Outside of the classroom, Elon requires students to participate in **experiential learning** requirements consisting of study abroad, internship, research, leadership, and service learning.

Leadership

Service Learning

There are more than 250 student organizations and campus programs where students can develop leadership skills, connect with others who share their interests and passions, and make a difference on and off campus. Elon is home to several centers that offer educational opportunities, provide support and facilitate events for all backgrounds, ensuring everyone on the campus community has the chance to grow and thrive.

The **Center for Race, Ethnicity, and Diversity Education** offers resources across racial and ethnic identities including workshops, dialogues and trainings. The **Gender and LGBTQIA Center** seeks to create an inclusive campus community through support, advocacy, and educational initiatives. Our **Isabella Cannon Global Education Center** is comprised of three main areas: international students, study abroad and Study USA. The **Office of Inclusive Excellence Education and Development** promotes self-awareness and critical consciousness through education and development initiatives leading to greater inclusion on campus. Finally, The **Truitt Center for Religious and Spiritual Life** provides an on-campus environment for spiritual growth and interfaith engagement across a variety of faith traditions.
