

## **Elon Global Start (EGS) Withdrawal Policy**

To withdraw from the Elon Global Start (EGS) program, the student must send a withdrawal notice to James Thurnes, Assistant Dean of Admissions ([jthurnes@elon.edu](mailto:jthurnes@elon.edu)) A student is responsible for completing all withdrawal requirements with EGS and any of its partner provider programs.

Due to the nature of the EGS program involving other international program providers, refunds sought before October 1 are available on a limited basis as described below. Program costs include tuition, fees and housing and are refunded as follows:

- Before June 1: 100% of program costs
- From June 1 to July 31: 50% of program costs
- After August 1 and before September 30: 25% of program costs
- After October 1: no refund available

*\*The enrollment deposit is not refundable at any time and is excluded from the calculation of program costs in determining any refund amount. A student is responsible for any personal purchases (i.e. expenses not included in the program fee), such as flights.*

EGS is a study abroad program for participants that are not enrolled as Elon University students, thus the withdrawal and refund policy found on Elon Bursar's Office's website does not apply to EGS.
