## WHY YOU'LL LOVE 'NADES:

## ***We're Neighborly at 'Nades:***

Colonnades is home to 7 Living Learning Communities (LLCs) designed for intimate integration between the residential living and academic learning experiences.

Business - 3rd floor Staley (D) Hall

Examining Education LLC - 1st floor Staley (D) Hall

Gender & Sexuality LLC - 2nd floor Story (A) Hall

Honors LLC - 2nd floor Kivette (C) Hall

Innovation LLC - 3rd floor E Hall

STEM LLC - 2nd floor E Hall

Sustainable Living LLC - 1st floor Kivette (C) Hall

## ***Linked Courses***

Students integrate their in-class and out-of-class experiences allowing individuals to easily study together, perform group work, and have a class-based cohort experience in their own neighborhood.

Students will not necessarily live next to each other, on the same floor or even in the same building as their classmates, but all of the students in a particular linked course will reside in the same neighborhood.

## ***Suite-Style Living***

Colonnades offers the following living options for our 40% freshmen and 60% sophomore population:

pod style living

double occupancy rooms, suite-style bathroom

single occupancy rooms, individual bathrooms

## ***Home is Where the Food Is***

Clohan Dining Hall is a three to five minute covered walk from any Colonnades hall.

Fill up your "Choose to Reuse" to-go container or eat in and enjoy a mostly weather-sheltered pavilion walk under the Colonnades.

## THE RA NEXT DOOR

At Elon University, each residential student has a Resident Assistant (RA) on their floor who can serve as a resource in a multitude of capacities.
