

The Application Form (SURF Symposium Grant)

The undergraduate research program and Elon College jointly offer five Spring Undergraduate Research Forum (SURF) Symposium Grants. These grants are capped at \$1,000. These grants **cannot** be used as stipends but can provide support for mentor-student teams to develop a SURF symposium around a common topic or theme.

Examples of what these grants can be used for

- Travel to workshops and/or conferences that enhance the symposium participants' understanding of their theme
- Books, equipment, software, databases or other materials that will enhance the symposium participants' understanding of their theme
- Other costs directly related to facilitating and supporting interaction among the symposium participants.

General Information

- For each project provide...
 - o Project Title
 - o Student Name
 - o Mentor Name
 - o Department
 - o Graduation Year

Symposium Description

- Provide your proposed symposium theme/topic (approximately 250 words)
- Provide a brief non-technical description of your project and how these projects relate to your symposium theme (max 700 words)

Budget Request

- Please provide an itemized proposed budget by describing your symposium needs **and** the amount of money you are requesting for each need.
