Fact Book Definitions

IPEDS - (Integrated Postsecondary Education Data System) – the reporting body established as the core postsecondary education data collection program for the National Center for the Education Statistics (NCES), which collects data from all primary providers of postsecondary education.

Academic Year - The period of time equated to a fall semester, a winter term, and a spring semester - the period covered by a 4-1-4 calendar system.

Admissions - Admissions data are collected for the current fall reporting period. Data are collected on the number of applicants, admitted students, the number of admitted students that subsequently enrolled, and percentiles for ACT and SAT test scores. The admissions data comes from the Office of Admissions and the Office of Graduate Admissions.

Students - The source for the student data included in this fact book is a snapshot of the Fall Semester enrollment at census date (10 days after the start of class after the drop/add period is finalized). These data are broken out into ‘undergraduate program’ and ‘graduate program’ sections. Student headcount is the number of students enrolled in the fall semester. Part-time students are counted in the same way as full-time students for headcount.

First-Time Full-Time (First Year Students) - Students at the undergraduate level coming into the institution for the first time in the fall term (or the prior summer term who returned again in the fall) and have not attended another institution.

Transfer Student - A student entering the institution for the first time but known to have previously attended a postsecondary institution at the same level (e.g., undergraduate, graduate). This includes new students enrolled in the fall term who transferred into the institution the prior summer term. The student may transfer with or without credit.

Graduate Student - A student who holds a bachelor's degree or above and is taking courses at the post baccalaureate level.

Earned Hours - Attempted hours for courses that, if successfully completed, can be applied toward the number of completed hours required for a postsecondary degree.

Retention Rate - A measure of the rate at which students persist in their educational program at an institution, expressed as a percentage. This is the percentage of first-time full-time degree-seeking undergraduates from the previous fall who are again enrolled in the current fall.

Sophomores - Academic classification made at the beginning of the academic year for students enrolled with 30 – 61 semester hours completed.

Juniors - Academic classification made at the beginning of the academic year for students enrolled with 62 - 95 semester hours completed.

Seniors - Academic classification made at the beginning of the academic year for students enrolled with 96 or more semester hours completed.

Race/Ethnicity - Categories used to describe groups to which individuals belong based on their self-designation. This report uses federal guidelines such that individuals are asked to first designate race/ethnicity as Hispanic/Latino or Not Hispanic/Latino. Individuals are then asked to indicate all race/ethnicity that apply from the following list: American Indian or Alaska Native, Asian, Black or African American, Native Hawaiian or Other Pacific Islander, or White. 'Students of color' are defined as all students excluding 'white', 'non-resident' students, and 'unknown' as reported to IPEDS.

Degrees Awarded - An award (baccalaureate or graduate degree) for completion of a prescribed course of study. The source for this data is the Registrar's Office. We report the number of degrees distributed to completers. Students can earn more than one degree at a time, so this is the number of degrees awarded (not a student headcount).

Graduation Rate - The percent of a given entering cohort that graduated within a specified period of time. A cohort is defined as the first-time, full-time, degree-seeking first-year undergraduates who enter in a given fall. The number of students who graduate before the fall semester at four years, five years, and six years after entry are counted and divided by the cohort size to determine the graduation rate for each of those years. The rates are cumulative, so students who graduated within four years are also included in the five-year rate, and those who graduated in four years or five years are included in the six-year rate. For example, if the entering cohort is 2011, four-year grad rates are those graduating on or before August 2015, five-year rates for those graduating on or before August 2016, and six-year rates for those graduating on or before August 2017.

Faculty - Persons identified by the institution as such and typically those whose primary assignment is instruction. They may hold academic rank titles of professor, associate professor, assistant professor, instructor, lecturer or the equivalent of any of those academic ranks.

Terminal Degrees for Faculty - Teaching faculty who hold the highest degree in their field of study.

Finance - The finance data in this fact book are provided by the Bursar's Office and the Business Accounting Office and include cost of attendance and endowment.

Elon University Mission Statement

Elon University embraces its founders' vision of an academic community that transforms mind, body, and spirit and encourages freedom of thought and liberty of conscience.

To fulfill this vision, Elon University acts upon these commitments:

- a. We nurture a rich intellectual community characterized by active student engagement with a faculty dedicated to excellent teaching and scholarly accomplishment.

Program Accreditations and Affiliations

Elon is one of only seven private universities in the nation with accredited schools of law, business, communications and education along with a [Phi Beta Kappa chapter](#), which promotes the liberal arts and sciences.

Elon's teacher education program is accredited by the **National Council for Accreditation of Teacher Education** and by the North Carolina State Board of Education.

The School of Communications is nationally accredited by the **Accrediting Council on Education in Journalism and Mass Communications** (ACEJMC).

Elon's Martha and Spencer Love School of Business is accredited by the Association to Advance Collegiate Schools of Business-International, **AACSB-International**.

The Accreditation Review Commission on Education for the Physician Assistant (ARC-PA) has granted Accreditation-Continued status to the Elon University Physician Assistant Program. Accreditation-Continued is an accreditation status granted when a currently accredited program is in compliance with the ARC-PA Standards.

Elon University School of Law was granted full accreditation by the **American Bar Association** on June 10, 2011.

Accreditation Review Commission on Education
for the Physician Assistant, Inc.

The ARC-PA has granted Accreditation - Provisional to the Elon University Physician Assistant Program. Accreditation - Provisional is an accreditation status. The status indicates that the plans and resource allocation for the proposed program appear to demonstrate the program's ability to meet the ARC-PA Standards, if fully implemented as planned. Accreditation - Provisional does not ensure any subsequent accreditation status and is limited to no more than five years for any program.

Elon University is included on the list of colleges and universities approved by the **American Chemical Society**. Students satisfying the requirements listed for the BS degree with a major in chemistry will be ACS certified upon graduation.

The university is a member of the following associations:

- The American Council of Education
- The American Association for Higher Education
- The American Association of Colleges for Teacher Education
- The Association of American Colleges
- The Commission of Accreditation of Allied Health Education Programs
- The North Carolina Association of Colleges and Universities
- North Carolina Association of Colleges and Teacher Educators
- North Carolina Independent Colleges and Universities
- The National Association of Independent Colleges and Universities
- The European Council of International Schools
- Association of Independent Liberal Arts Colleges for Teacher Education

- National Council for Accreditation of Teacher Education
- Independent College Fund of North Carolina
- The Council of Independent Colleges
- The Council for Higher Education of the United Church of Christ
