## UNIVERSITY

### Student Achievement and Success 2019-2020

To fulfill its mission, Elon University monitors student achievement and success in multiple ways during the time students are enrolled and once they have graduated. Examples of Elon’s goals for student achievement and the success of students in achieving those goals are provided below. These include first- to second-year retention, persistence to degree (graduation rate), participation in selected high impact practices, outcomes for licensing examinations, and students’ success in securing jobs or continuing their education after graduation. To benchmark student success in achieving the goals, Elon University uses information from the sources identified below.

### Persistence to Degree (Graduation Rate)

*Goal: Elon’s four, five, and six year graduation rates will exceed the median for Private not-for-profit, Research/Masters level, selective (composite SAT range 1080-1240) institutions (source: Education Trust <http://www.collegeresults.org/>).*

*In accordance with the Boldly Elon Strategic Plan, the University is striving for a 4-year graduation rate of 85% and a 6-year graduation rate of 90%.*

*NOTE: Undergraduate retention and graduation rates reported based upon reported IPEDS guidelines for establishing cohorts (i.e., full-time, first-time bachelor’s degree students). These rates use the same methodology and correspond with rates reported to SACSCOC, Common Data Set, and various college guides/rankings.*

## Writing

Elon University has embarked on an ambitious plan to make writing a signature experience of an Elon education. The [Writing Excellence Initiative](#) was developed as the institution's quality enhancement plan for Elon's 2013 SACSCOC reaffirmation.

### Additional Recognition for High Impact Practices

*Goal: Within one year of graduation, Elon graduates will have secured employment or admission to graduate or professional school at rates that meet or exceed the averages reported by the [National Association of Colleges and Employers](#) First Destination report.*

Graduates may be both employed and continuing their education. When graduates are counted only once, 95% of 2019 graduates are employed, have been accepted to graduate or professional school, are completing a post-graduate internship/fellowship, or are working for a service organization (e.g., Peace Corps, Teach for America). The survey response rate was 92%.

More detailed and historical information is provided in the [First Destination Reports](#) produced by Elon University's Student Professional Development Center.
