# Benefit Basics

Elon believes in making an impact not only within our community, but also with our employees. Above all, we want our employees to make an impact in the communities where they live, work and play. Once you elect your Elon benefit options, your elections remain in effect for the plan year (January 1 – December 31). Elon encourages you to review all your benefits and make selections wisely.

As an Elon employee, you are eligible for benefits if you are a regular, full-time employee. Most of your benefits are effective on the first day of the month following your date of hire.

You may enroll your eligible dependents for coverage once you are eligible. Your eligible dependents include:

- Your legal spouse/domestic partner
- Dependent children (as defined by each benefit plan)

## Who is an eligible dependent?

Eligible dependent(s): legal spouse, same or opposite sex qualifying domestic partner (see Elon University's domestic partner policy), dependent children and dependent children of same or opposite sex qualifying domestic partner

Once your benefit elections become effective, they remain in effect until the end of the calendar year. You may only change coverage within 30 days of a qualified life event or during open enrollment.

**Learn More:**  
For more information about benefits offered by Elon University a complete benefit summary can be found on the Office of Human Resources Homepage at <http://www.elon.edu/e-web/bft/hr/>.

# Qualified Life Events

Faculty and staff members that experience a qualifying event are able to make changes to their plan elections within 30 days of that event. Employees should notify the Office of Human Resources and complete the necessary paperwork.

Provided below is a list of eligible qualifying events:

- Legal marriage, legal separation, divorce, or death
- Change in the same or opposite sex domestic partner status
- Gain or loss of an eligible dependent for reasons such as birth, legal adoption, placement for adoption, foster care, or death
- Dependent no longer satisfies eligibility requirements for reasons such as reaching the dependent child age limit
- Changes in the legal spouse's or domestic partner's employment affecting benefits eligibility
- Changes in the legal spouse's or domestic partner's benefits coverage with another employer that affects benefits eligibility
- Change in employee work status affecting benefits eligibility
- The employee enters and/or is discharged from military service
- Eligibility for enrollment in Medicare/Medicaid
- Children's Health Insurance Plan (CHIP) eligible

## **Get Healthy, Wealthy and Wise**

The university provides tools and information to help you make educated decisions about your health and your health care. The more you take good care of your health, the healthier we are as a group, which can reduce costs for all of us.

# Your Benefits

## Pre-Tax Advantage

Under the pre-tax premium plan, you pay medical, dental and vision contributions with pre-tax dollars. This means that your share of the cost is taken off the top of your gross pay before taxes are withheld. With this advantage, you save state, federal, and FICA taxes, which amounts to about 25% to 30% of the contributions, depending on your tax bracket.

Benefit	Who Pays	Tax Treatment
Medical & Prescription Coverage	Elon and Employee	Pre-tax
Dental Coverage	Employee	Pre-tax
Vision Coverage <ul style="list-style-type: none"><li>• Basic</li><li>• Buy-Up</li></ul>	Elon Elon and Employee	Pre-tax
Basic Life and Accidental Death and Dismemberment (AD&D) Insurance	Elon	N/A
Voluntary Term Life Insurance for Employee and Dependents	Employee	Post-tax
Long-Term Disability	Employee Only or Elon and Employee	Post-tax

# Pharmacy Utilization Management

## What is Utilization Management (UM)?

Utilization management is a way for Blue Cross and Blue Shield of North Carolina (BCBSNC), to ensure that drugs are used in a safe, effective, and cost-efficient manner. This means that before you can receive a drug at the pharmacy, BCBSNC may require your provider to submit information about how and why a medication is used.

This information is reviewed by a team of physicians and pharmacists to ensure the most appropriate drug(s) are used to provide the best outcomes for our members.

UM is broken up into four different types or reviews: Exclusive Specialty, Prior Authorization, Step Therapy, and Quantity Limitations.

## Exclusive Specialty

Specialty medications will need to be filled by Accredo. To set up your Accredo account, call the number on the back of your ID card and be ready to give information about your prescription and doctor who prescribed it. Accredo will ship your specialty medicine and supplies via next-day delivery.

## Prior Authorization (PA)

Prior authorization means BCBSNC needs to ensure the requested medication meets your medical necessity criteria. Drugs which are identified for PA may:

- Have a use that has not been approved as safe and effective by the Food and Drug Administration (called Off Label use)
- Have specific testing requirements that your provider needs to conduct
- Have safety requirements that need to be confirmed

## Step Therapy (ST)

Step therapy requires trying another drug(s) before BCBSNC benefits will be available for the requested drug. Drugs which are stopped identified for ST may:

- Not be considered the first medication to use for the specific condition
- Treat the same condition as a lower cost medication

## Quantity Limits (QL)

Quantity limits are put in place to prevent too much of a drug being given when filled at the pharmacy. Drugs that have these limits:

- Have not been studied at higher levels
- May be dangerous at higher quantities
- Could be taken at a lesser amount of a higher strength (one 10mg tablet instead of two 5mg tablets)

When QL is in place, any quantity limit will be dispensed without BCBSNC requiring additional information.

Further details can be found at BCBSNC's Utilization Management site below:

[www.bluecrossnc.com/understanding-insurance/how-drug-benefits-work/prior-review-and-limitations](http://www.bluecrossnc.com/understanding-insurance/how-drug-benefits-work/prior-review-and-limitations).

# Plan C – High Deductible Health Plan with a Health Savings Account (HSA)

To better serve our diverse faculty and employee community, Elon University offers a High Deductible Health Plan (HDHP) with a Health Savings Account (HSA). The HDHP plan is administered through BCBSNC just as Plan A and Plan B; however, the HSA is administered through HealthEquity.

HDHPs are designed to give you more **control over how you spend** your health care dollars. You also have the opportunity to enroll in an HSA, a bank account that you may contribute to through pre-tax payroll deductions and withdraw from to pay for eligible out-of-pocket expenses.

You have the freedom to see any health care provider, including specialists, without a referral, although you will save money if you see in-network providers. This is especially important since instead of a copay, you will be paying the full cost of a doctor's visit or service until you satisfy your deductible. Once you meet the annual deductible, you will pay a lower coinsurance percentage when you use an in-network provider.

To encourage a healthy lifestyle and active management of your health, eligible preventive care services, such as routine physicals and well-woman exams, are covered at 100%. Some preventive care prescriptions will also be covered at 100%. All other services (including prescription drugs) are subject to the deductible before the Plan pays a portion of the cost. Once you meet the deductible, you and the Plan share the costs of your care (coinsurance).

## What is a Health Savings Account (HSA)?

A Health Savings Account is a tax-favored savings account created for the purpose of paying for eligible health care expenses if you enroll in the High Deductible Plan. The Health Savings Account is an account set up by you. It allows tax free withdrawals to pay for qualified medical expenses. Health Equity is the HSA administrator.

A Health Savings Account is an account you can contribute to on a pretax basis, usually through payroll deductions. The money in your HSA account is 100% vested and earns interest tax free.

## Who is eligible to participate in a Health Savings Account?

1. Under IRS guidelines, you must meet the following to enroll in an HSA:
  - Be covered under a High Deductible Health Plan
  - Not covered under other health insurance
  - Not enrolled in a Medical Flexible Spending Account (FSA) at all during the plan year or covered by a spouse's FSA
  - Not enrolled in Medicare or Tricare
  - Not another person's dependent
2. Employees who elect Plan C with the HSA cannot enroll in the Medical FSA for 2022.

For 2022, the university will fund the HSA with an annual contribution of \$500 for individual coverage and \$1,000 for family coverage (**HSA contributions are prorated for new hires**). You may contribute to an HSA up to the 2022 annual IRS limit (including employer contributions) for individual (\$3,650) or family coverage (\$7,300). Plan participants age 55 and older may make an additional (\$1,000) catch-up contribution. When calculating your annual contribution maximum, be sure to subtract the university's contribution.

You own your HSA and the account balance rolls over year-to-year.

For more information, please contact HealthEquity at 1-877-713-7682 or [www.myhealthequity.com](http://www.myhealthequity.com).

## Important Note

Due to IRS requirements of a High Deductible Health Plan, if you elect to participate in Health Plan C with the HSA, the services you can receive at Elon University's Faculty/Staff Health and Wellness Clinic may be limited and a \$40 copay may be charged based on Plan C cost guidelines. Please contact their office at 336-278-5569 if you have any questions about your eligibility status.

# Dental Plan

## Your Dental Coverage

Regular dental exams can help you and your dentist detect problems in the early stages when treatment is simpler and costs are lower. Keeping your teeth and gums clean and healthy will help prevent most tooth decay and periodontal disease, and is an important part of maintaining your medical health.

Your dental plan provider is Delta Dental NC.

**Remember:**  
**You always save money when you use an in-network provider.**

# Flexible Spending Accounts

Flexible Spending Accounts (FSAs) are designed to save you money on your taxes. They work in a similar way to a savings account. Each pay period, funds are deducted from your pay on a pre-tax basis and credited to a Medical and/or Dependent Care FSA. You then use your funds to pay for eligible medical or dependent care expenses. Elon offers two types of FSA's through Flores and Associates.

Account Type	Eligible Expenses	Annual Contribution Limits	Benefit
<b>Medical FSA</b>	Most medical, dental and vision care expenses that are not covered by your health plan (such as copayments, coinsurance, deductibles, eyeglasses, menstrual care products, and some over the counter medications)	Maximum contribution is \$2,850* per year  Funds are available 1/1	Saves on eligible expenses not covered by insurance; reduces your taxable income
<b>Dependent Care FSA</b>	Dependent care expenses (such as day care, after school programs or elder care programs) so you and your spouse can work or attend school full-time	Maximum contribution is \$5,000* per year  Funds are available on an accrual basis	Reduces your taxable income

## Important Information about FSAs

Your FSA elections are effective from January 1 through December 31. Both the Health Care FSA and Dependent Care FSA provide a 2 ½ month “grace period” during which funds from the prior year may be used for claims incurred up to March 15, with a submission deadline of March 31.

Please plan your contributions carefully. Any money remaining in your accounts after the claim submission deadlines will be forfeited. This is known as the “use it or lose it” rule and it is governed by IRS regulations. Note that FSA elections do not automatically continue from year to year; you must actively enroll each year.

## What Are the Advantages of an FSA?

With an FSA, the money you contribute is never taxed—not when you put it in the account, not when you are reimbursed with the funds from the account, and not when you file your income tax return at the end of the year.

Expense	Allowed?
Birth Control Pills	Yes
Copays	Yes

\* If you waive coverage when it is initially offered but decide to elect coverage during open enrollment, you will have to complete an Evidence of Insurability form. Lincoln Financial will determine eligibility thereafter.

# Retirement Plan

Elon University's 403(b) retirement plan, Retirement Choice Plan (RC) (also referred to as "Elon University Defined Contribution Plan" or the "Defined Contribution Plan"), with Teacher's Insurance Annuity Association (TIAA) provides an opportunity for eligible participants to contribute a percentage (4%) of their annual base salary (pre-tax) with the university contributing a portion (8%) of the employee's annual base salary. Participation is mandatory for all active, full-time faculty/staff who have satisfied a one-year waiting period.

The university's plan allows for the waiver of the one-year waiting period if an employee is coming from an "eligible employer" and has participated in their retirement plan for at least one year. An eligible employer is defined as any educational organization, teaching institution or an institution of higher education. Please note that a Statement of Previous Participation must be completed in order to waive the waiting period.

All employees are eligible to participate in the Retirement Choice Plus (RCP) offered through TIAA (also referred to as the "Elon University Tax Deferred Annuity Plan" or the "Tax Deferred Annuity Plan"). Please note that this is a voluntary benefit. The university does NOT contribute to the TIAA Supplemental or ROTH plans.

## The Elon University Mobile Wallet

If you click this link <http://www.mymobilewalletcard.com/elon/> you will be directed to a mobile wallet card that lists all of Elon’s benefit carriers for your convenience. Simply bookmark this site and you will have quick access to carrier phone numbers, websites, etc. 24/7.

Or, you can use the QR Code pictured at the right to access our new mobile wallet card.

- If you do not already have a QR scanner, open your phone's applications store, such as the App Store on the iPhone or the Android Market on an Android-based phone.
- Enter the term "QR reader" into the store's search box, and choose one of the scanners that comes up as a result. Your phone might have both free and paid options, so read the features carefully to find a QR scanner that suits your needs
- Download and install your chosen scanner on your phone. Start the app after it finishes installing.
- Hold the device with the camera toward the QR code. Follow any onscreen instructions if the app does not automatically scan the code. Some devices might require that you press the photo capture button or other feature to begin scanning.

Then you’ll be taken to the mobile wallet card website!
