

Dear [REDACTED]

The returning student Housing Selection process for the 2026-2027 is coming up this spring! We invite you to review the following information to ensure you're aware of the deadlines and instructions to participate in the process.

As a reminder:

- Rising [sophomores are required to live on campus.](#)
- We have more available bed spaces than ever before for rising Juniors/Seniors, so we hope you'll continue staying on campus and living with us again!
- We also have designated [graduate housing for this coming academic year in the Crest Apartments.](#)

Who Participates in Housing Selection

Housing Selection is only for currently enrolled students. Students who have withdrawn, students who will be re-admitted for the fall, and new incoming/transfer students for the fall are not eligible to participate in this housing selection.

Housing Selection is split into two main processes, rising Juniors/Seniors and rising Sophomores. Please take a moment to [review which process you should plan to participate in.](#)

How to Apply

Housing selection for returning students allows currently enrolled students to apply, group, and select housing for next year. This is an online process, and you must pay special attention to the dates for the Housing Selection processes and the time you, or your group, are eligible to select a space.

Prior to participating in Housing Selection, you must complete the following:

- a. **APPLY BY FEBRUARY 10, 2026:**

- a. All Students Applying for Campus Housing for 2026-2027: Sign and complete the Housing Application via [Phoenix Living](#).
- b. If you are applying to return/renew a campus apartment, you DO still need to complete this Housing Application before the deadline.
- c. You'll be given the opportunity to purchase [GradGuard Renter's Insurance](#) as part of the application process and we encourage you to discuss this option with your family prior to the sign-up process.

b. GROUP:

- a. [Roommate groups](#) are a step in the process inside the Housing Application. After you've completed the first part of the Housing Application, you'll be prompted to either:
 - a. Search for Roommates by Details
 - b. Search for Roommates by Roommate Profiles
 - c. Suggest Roommates
- b. Please note you will not be able to match with roommates unless all parties have completed the Housing Application and have opted into the roommate search on the application.
- c. You can continue to roommate match and change groups throughout the housing selection process, up until you select a space.
- d. Students will only be able to see spaces that are available to them based on their group size; this group size will need to fully fill the apartment/residence hall to see and select the space.
- e. If you are trying to renew an apartment, you need to be roommate grouped with a group that fully fills the apartment in order to be eligible to renew.

c. SELECT:

- a. Review the [Housing Selection timeline](#) and discuss options so your group member with the earliest selection time is ready to select your space. Selection times are randomly assigned to all students who have applied on time.
