

# Grant-In-Aid Application

Elon believes in helping our people grow. Each year, we award funds of \$100–\$300 to help employees access resources for leadership and professional development, including registration fees, books, software, equipment, travel, and tuition. Your department is also expected to assist with funding for resources. (Please note that mandatory certifications required for your role or by law are not eligible for this award, as those are covered through your department's annual budget.)
