

Please see below for a message that was sent to students earlier.

Dear members of the Elon community,

The CDC now recommends that “[everyone 18 years or older should get their booster shot](#).” Many health experts say that full vaccination should be considered a three-shot series for the Pfizer or Moderna vaccines or a two-shot series for Johnson & Johnson.

To promote our community’s level of booster vaccination, we ask **three things**:

1. **Elon encourages all students, faculty and staff to get a booster before Winter Term.** Use the [vaccine locator](#) website to find booster locations near you.
  2. **Regardless of your booster status, please complete the 60-second survey, coming from [Healthy@Elon.edu](#) tomorrow or Friday,** so we can better plan for additional booster clinics on campus.
  3. Upload your booster documentation to Elon’s vaccination portal.
- **Concerned about recovery time after a booster?** Schedule your booster after finals when you can plan for a day to get some rest.
  - **Unsure when you received your original vaccine dose(s)?** Look it up at the top of the My Healthy Status website.
  - **Received a Johnson & Johnson vaccine?** Health experts suggest you will likely get more coverage with a Pfizer or Moderna booster (two months or more after the J&J vaccine).

In appreciation for your efforts in creating a Healthy Elon,

Jeff Stein, Vice President for Strategic Initiatives and Healthy Elon Committee Chair

- Dan Anderson, Special Assistant to the President
- Ginette Archinal, Medical Director of Student Health and University Physician
- MarQuita Barker, Assistant Dean of Campus Life and Director of Residence Life
- John Barnhill, Associate Vice President for University Advancement
- Tom Flood, Assistant Vice President of Physical Plant
