What's new in Housing Selection?

- More available campus housing for rising juniors/seniors than in previous years!
- Apartment lease renewals allowed in all campus apartments
- No housing reservation fee required; simple 3 step process
- Consistent housing selection time throughout every process
- Roommate/lease turnover search guidance for using ***Today@Elon*** Want Ads
- Three new LLCs: Living with Data, Mi Casa, and Health Sciences

Who Can Participate in Housing Selection?

Housing Selection is for enrolled undergraduate students. Groups must be formed with people who are current students. Students on an approved leave of absence can participate.

Not eligible to participate in housing selection: Students who are graduating, have withdrawn, students who will be re-admitted for the fall, new incoming students, and new incoming fall transfer students.

Students who are studying abroad in Fall 2025 should not participate in housing selection.

Housing Selection Steps

APPLY

Complete the housing application through Self Service

by February 10. How to video is available

MATCH

Start thinking about who you want to live with.

Many spaces require a certain number of people in a group to apply.

Everyone in your group must complete the housing application to match as roommates in self-service.

SELECT

All students participating in housing selection will receive a housing selection priority time to select a space, depending on what process they wish to participate in. Log into Self-Service at that time and select a space.

A different day/time will apply to each part of the process, but students are kept in the same order within each process.

Renter's Insurance

While Elon University cannot and does not cover students' lost, stolen or damaged property; we certainly recognize your need for ensuring the safety of your property.

As outlined in the Housing Agreement and Residential Policies, Elon University assumes no financial responsibility over the personal property of residents nor will the institution be financially responsible for large-scale, unintentional damage caused to university property by on-campus residents, such as a flood or fire.

We strongly urge all families to consider GradGuard, contact their insurance agents, check their homeowner's policies, and consider purchasing such renter's insurance.

Housing Selection Overview

Know your classification - Rising Jr/Sr or Rising Soph! Housing selection processes are based on semesters lived on campus. (Except for transfer students which is based on credits.)

Elon University does not guarantee housing for rising Juniors and Seniors.

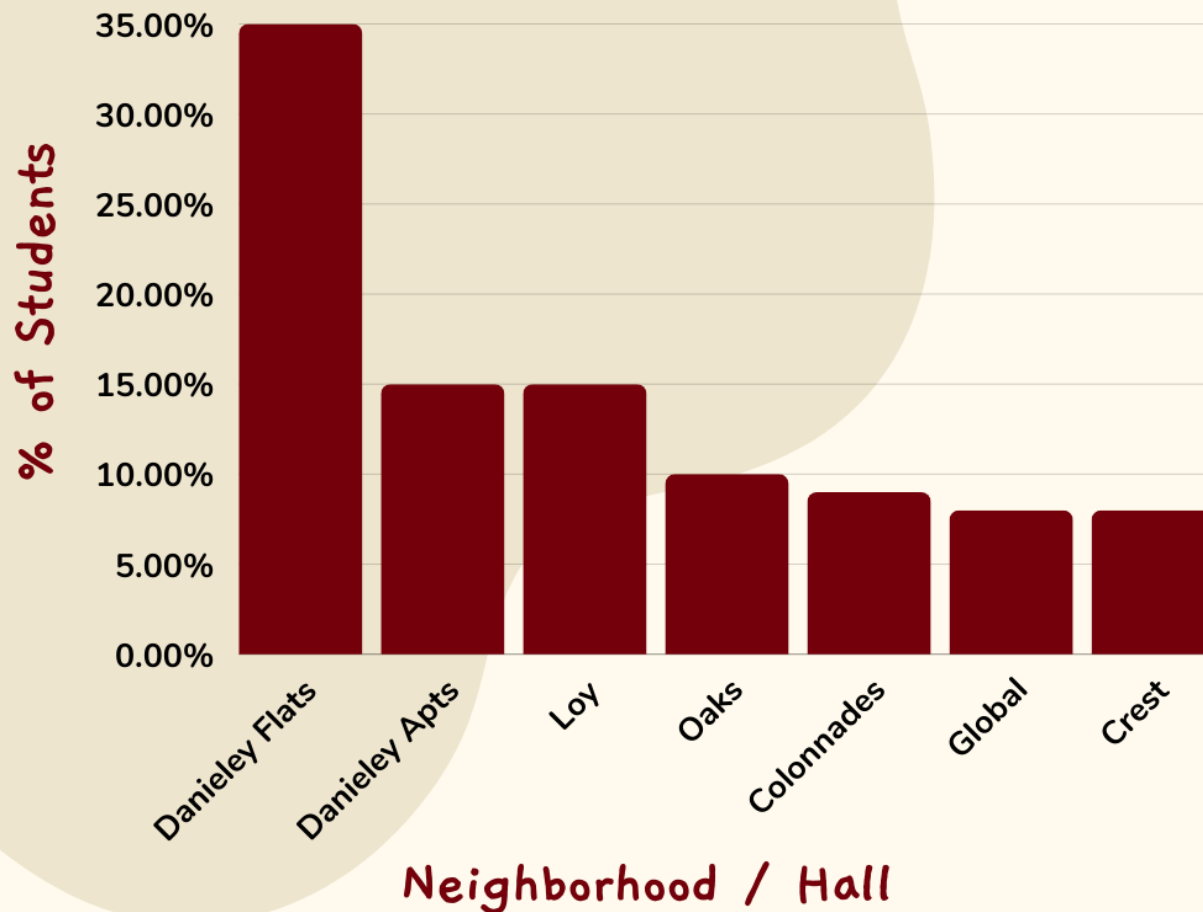

Elon University has a 2-year residency requirement. Rising Sophomores are guaranteed a space on campus.

Where will students live?

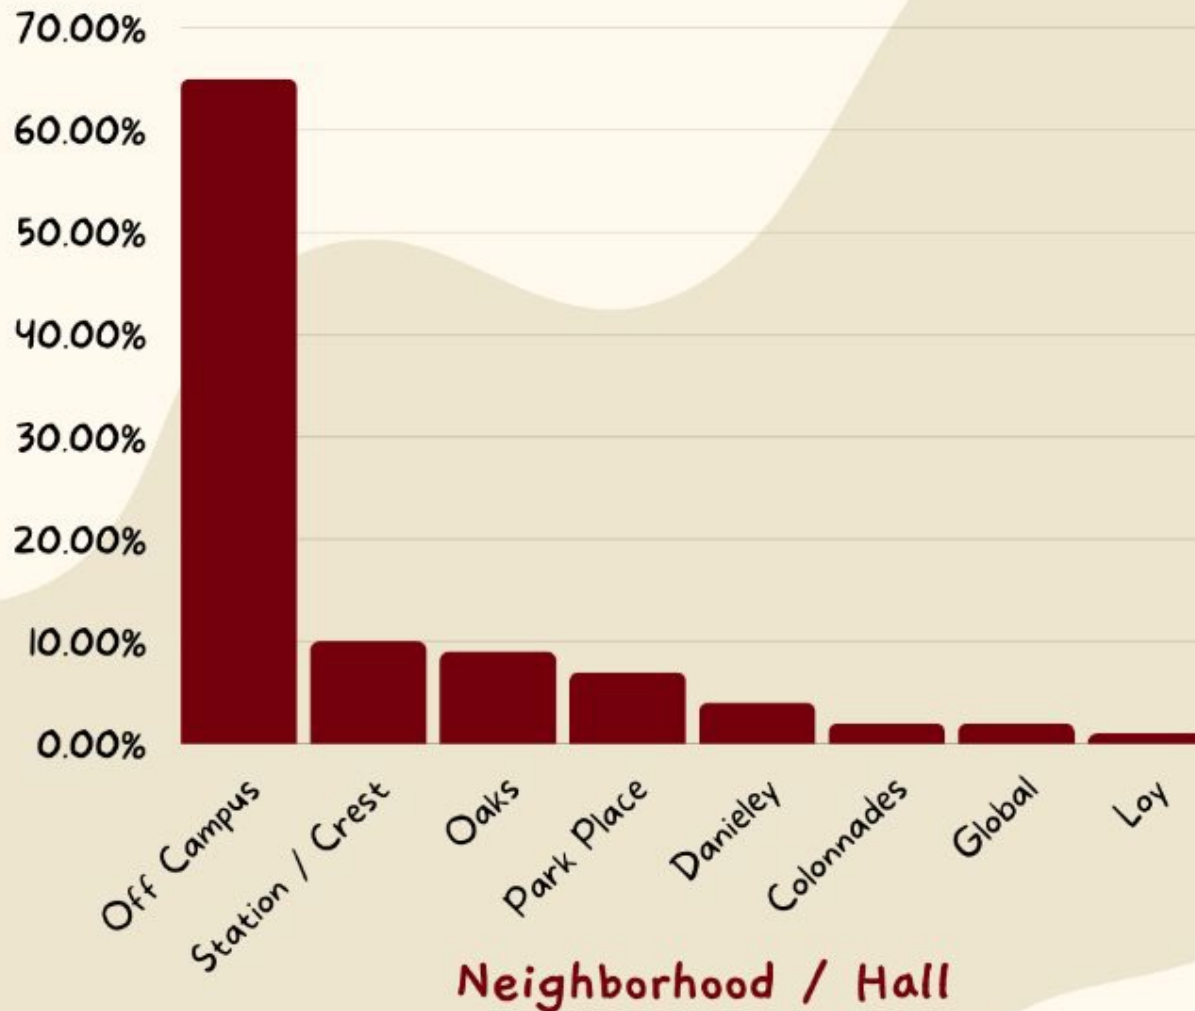

While we don't have neighborhoods that are purely one class year, students will generally be housed in the following manner:

- **Rising Sophomores:** Colonnades, Danieleley, Global, Loy, Crest, and Oaks (limited number). Most rising Sophomores will live in Danieleley Apartments and Danieleley Flats.
- **Rising Juniors:** Station at Mill Point, Park Place, and Oaks
- **Rising Seniors:** Station at Mill Point, Park Place, and Oaks

Where do most sophomores live?

Where do most Juniors/Seniors live?

Apartments vs. Residence Halls

<https://www.elon.edu/u/residence-life/apartments-vs-residence-halls/>

Residence Halls	Apartments
Global (including Trollinger House), East, Historic, Colonnades (including EcoVillage) and Danieleley Flats	Crest, Station at Mill Point, the Oaks, Park Place and Danieleley Apartments
Double, single or triple prices are flat (or the same price) no matter which neighborhood that space is in.	Each apartment has their own price point and can be found on the Bursar's office website, <u>www.elon.edu/u/fa/bursar/tuition-and-fees</u>
Residence halls close during Thanksgiving, winter, spring break, and summer.	Apartment leases are June 1 or 15 until May 31 each year and do not close during that time.
There is no lease and residents are eligible for room changes without finding someone to replace them in that space.	Students sign a lease agreement that is binding for the academic year. No room changes are allowed.

Roommate Group Minimums

If you want to live in a specific building, you must make sure you have the correct number of people in your group to be eligible.

For Residence Halls Only: Please be aware that if you meet the group minimum but do not fill that space completely, you will be assigned with one or more other groups.

- Example: If you are in a group of four and select the Danieleley Flats for your housing, then another group of four or possibly two groups of two or others will join your flat.
- We make every effort to place returning students with other returning students and incoming students with other incoming students.

For Apartments and Colonnades Pods Only: If applying for these spaces, you must have the exact number of people to match the number of spaces.

Roommate Group Minimums

1	Singles in Global, Colonnades, or Danieleley flats (students can sign up alone and be paired with another student in a double in the Danieleley flats only)
2	Doubles in Danieleley flats, Oaks (2-person apt), Colonnades (2 single rooms), Colonnades (double room), Global (2 single rooms), Global (double room), EcoVillage
